SHOHRUHBEK (SEAN) IBRAGIMOV (Alumnus Summer'09)

The WCI gave me invaluable things that I could not get during my 2-year stay in Japan (APU in Beppu, Kyushu). It gave me the opportunity to explore the beauty of Japan, experience the hospitality of Japanese host family, and to make good future networking friends. For those who think that they know enough about Japan, I strongly believe that there are still many amazing experiences that the WCI can offer you!
